The Community Welfare League of Bethesda has sent a notice to all residents of that town and Chevy Chase, Md., who wish to declare their intention of becoming citizens of Maryland to apply at the Chevy Chase Library and Kessler's real estate office at Bethesda, on September 30 or October 7, between 8 a. m. and 6 p. m.

New residents who fail to declare intentions on one of these dates can obtain a ballot for the Presidential election of 1920 only by appearing in person before the clerk of the court at Rockville at least one year before the date of the election.

## Germany Grows Alarmed At America's Delay In Ratifying Peace Treaty

BERLIN, Sept. 26.—Reports indicating the possibility that the peace treaty may not be ratified by the United States are causing consternation in democratic circles throughout Germany, while the monarchists and reactionaries are watching with increasing interest the deliberations of the American Senate.

Count Reventlow writes in the Tagesspiegel that nonratification by the United States Senate "would create a multitude of new perspectives for Germany, which a shrewd, active German government could exploit."

It is significant that the Frankfurt Gazette, which, during the war and armistice, glorified President Wilson's policies, now discusses with alarm the possibility of nonratification, saying the importance and far-reaching consequences of the attitude of the representatives of the American people are very great, not only for the United States but also for Germany.

## K. of C. GIVES FIRST HEROES GOOD TIME

Washington's welcome to the veterans of the First army division and "Fighting 33rd" composite regiment is not yet over. The Knights of Columbus, having enlisted the co-operation of the Red Cross and the War Camp Community Service, brought 100 of the soldiers to this city yesterday and today for a round of entertainment, sightseeing, and feasting. Tomorrow a like number of regulars, who have not received their discharges at Camp Meade, will be brought here through arrangements by the K. C.

The War Camp Community Service has made arrangements whereby the men will be taken to the Belasco Theater in the evenings. "Too Many Husbands" will provide enjoyment for them there. The first hundred will occupy good seats tonight.

## COPS QUIT IF LABOR WINS AT ELECTION

CHARLOTTE, N. C., Sept. 26.—The entire police force of the city of Charlotte will walk out of office in the event that the recall of the present three city commissioners is successful. The recall movement is in the hands of labor leaders, who assert that the administration was hostile to them in the recent street car men's strike, and was responsible for the shooting of a number of laboring people at the car barn riots during the strike. The entire force of forty men have announced that they will not serve if the labor ticket is successful.

## WED ON LICENSE ISSUED YEAR AGO

Bridegroom Sent Overseas After Getting Permit in Virginia.

CHARLOTTESVILLE, Va., Sept. 26.—T. Austin Cooke, and Miss Ethel Alice Grady, both of Albemarle county, were married by Dr. Cecil V. Cook, of the First Baptist Church, on a license issued nearly fifteen months ago. Soon after entering the auto truck training school at the University of Virginia, in the summer of 1918, Mr. Cooke secured a marriage license, but while plans were under way for the ceremony to take place here, with other members of the school, was placed in quarantine and a few days later rushed off to a Northern port and sent overseas. Returning from abroad this week, the young soldier went up near Crozet in quest of his fiancée and brought her to this city. The license was dated July 6, 1918, and was kept in the soldier's knapsack throughout his travels abroad. The bride was educated at Westhampton College, Richmond.

## TRUCK BREAKS SPAN OF SEVERN BRIDGE

ANNAPOLIS, Md., Sept. 26.—The State boulevard, main artery for traffic to and from Baltimore and Annapolis, was completely blocked for three hours yesterday as the result of a heavy automobile truck, loaded with lumber, crashing through a section of flooring of the draw span of Severn river bridge. A force of men set to work, jacked the truck, and a temporary flooring was laid. A warning has been placed at the northern end of the bridge by the State roads commission calling attention to its dangerous condition, especially as regards trucks of more than four tons' weight.
